The Rustic Barn is a large timber framed post-and-beam barn, built in 1826 with stone from the Erie Canal. It has been preserved, yet modernized with ladies and gents' bathrooms and is handicap accessible. There is a raised platform with a cut-glass chandelier, so that the Bride & Groom and their Bridal Party can see and be seen. This is a perfect place to hold a wedding ceremony, have a sit down, buffet or family style dinner, and it even converts to a 'nightclub' with the doors wide open for dancing under the stars. This Venue provides a space with a unique rustic ambiance that can't be beat! Available from May through November.

The **Tasting & Barrel/Production Rooms** combine well for an authentic Winery experience. The Tasting Room is perfect for the initial meet and greet and offers a contemporary feel, with a floating maple ceiling, and bamboo flooring, and a pair of granite topped bars are fronted with colorful 'blown glass' disks. Tall hand-crafted barrel tables & chairs set the stage for this elegant space. There is also a covered patio overlooking the vineyards with bistro tables & chairs. The Barrel/Production Room is visible through a floor to ceiling, wall to wall panel of glass, with glass doors that lead into a huge double height space hung with original art, and lined with stainless steel wine tanks and oak barrels, back lit with subtle mood lighting. Available year round!
